

Coffee grinder "On demand" Baratza "Virtuoso"

Some information to guide you in your choice:

The coffee grinder Baratza "VIRTUOSO" has a modern design that is quality focused with its robustness, long life and exquisite ground coffee characteristics. Its "conical" steel burrs grind from 20% to 40% more than flat burrs. It has a compact ergonomic and elegant design, also suitable for those high standard businesses, which aim at constantly improving the quality both of the location and of the product.

Art. 1252474

Grind setting is performed with only one setting ring nut and with good precision.

One hand-operated manual push-button control and with timer (max 60s).

Despite its compact size, Baratza "Virtuoso" is considered a technologically advanced and high quality product.
