

WAREWASHING GLASS DETERGENT

HYLINE HLG-10

HYLINE HLG-10

CUSTOMER BENEFITS

- Effective liquid detergent for glassware
- Great cleaning power
- Protects against glass corrosion
- Causes no damage to glass and decorative finish
- Ensures beer head stability
- Free of NTA

DOSAGE / APPLICATION

Water hardness °dH	g/l
up to 7 (soft)	1.5 – 2.5

From 3°dH, we recommend installing a water softener; for water containing large amounts of minerals, it is advisable to install a demineralisation system.

- Designed for commercial use only
- Not suitable for manual dosing
- Adhere to dosage instructions
- For best results, we recommend using HOBART glass rinse aid HLG-1000

COMPOSITION / INGREDIENTS

Phosphates, anionic tensides

PRODUCT SAFETY AND STORAGE INSTRUCTIONS

For hazard warnings and safety instructions, refer to the material safety data sheet. Always store in the original container. Protect against frost and heat. Protect against direct sunlight.
