2. HAZARDS IDENTIFICATION/LABEL ELEMENTS

D.M. 28/1/1992, D.Lgs. 3/2/1997 n.52, D.Lgs. 16/7/1998 n.285 (Labelling elements):
Symbols:

R Phrases:
R36 Irritation to eyes.
S Phrases:
S26 In case of contact with eyes, rinse immediately with water and seek medical advice.

Groups of substances according to DPR 303/56:

None

Classes of solvents according to DPR 203/88 (SOV):

None

3. COMPOSITION AND INFORMATION ON INGREDIENTS

Containing hazardous substances for the health in compliance with directive 67/548/EEC and subsequent adjustments or for which there exist acknowledged exposure limits:

< 5 % tensioactif amphotère
surfactant CAS:
307-455-7

< 1 % chelating agent
CAS: 64-02-8 EINECS: 200-573-9 Xi
R36

Safety data sheet

GASKET CARE

Further instructions: the complete text of the risk and hazard phrases is found in section 16 of this sheet.

4. FIRST AID MEASURES

Contact with the skin:

Remove immediately all contaminated clothing.

Wash immediately and thoroughly with running water the body parts that have come into contact with the product, even if only suspected to have done so.

Contact with the eyes:

Wash immediately and thoroughly with plenty of running water with eyelids raised for at least 10 minutes, then protect the eyes with a sterile gauze or a clean and dry tissue. SEEK MEDICAL HELP.

Ingestion:

Do not induce vomiting. SEEK IMMEDIATE MEDICAL HELP. It is possible to administer active carbon suspended in water or medical mineral vaseline oil.

Inhalation:

Air the room. Take the patient away from the contaminated area and keep them rested in a well ventilated room. In case of ill feeling, seek medical help.

5. FIRE-FIGHTING MEASURES

Recommended extinguishers:

Water, CO₂, Foam, chemical powder according to the materials involved in the fire.

Unauthorized extinguishers:

None in particular.

Combustion risks:

Do not breathe in fumes.

Protection media:

Use protection for respiratory ways.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions:

Wear protection gloves and clothes.

Environmental precautions:

Contain leakages with soil or sand.

If the product has leaked into a waterway, into the sewers or has contaminated the ground or vegetation, inform relevant authorities.

Cleaning methods: if the product is a liquid, prevent from entering the sewer system.

Collect the product to reuse it, if possible, or for disposal.

Possibly absorb it inert material. After collection, rinse the contaminated area and materials with water.

7. HANDLING AND STORAGE

Handling precautions:

Avoid contact and vapour inhalation. Also see paragraph 8. During work, do not eat or drink.

Incompatible materials:

None in particular. Also see paragraph 10.

Storage conditions:

Instructions for room storage: Well ventilated storage rooms.

*Ricambi per
cucine professionali,
macchine caffè,
refrigerazione commerciale,
attrezzature bar e vending*

Safety data sheet

GASKET CARE

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Precautionary measures:

Ensure the room where the product is stored and/or handled is ventilated.

Respiratory protection:

Not required for standard use.

Hand protection:

Use protection gloves.

Eye protection:

Safety glasses.

Skin protection:

No particular precaution must be taken for standard use.

Exposure limits of contained substances:

None

9. PHYSICAL AND CHEMICAL PROPERTIES

Aspect and colour:	liquid (clear pale yellow)
Odour:	characteristic
pH:	10 ca.
Melting point:	< 0 °C
Boiling point:	> 100 °C
Flash point:	non infiammabile
Self-flammability:	none
Explosive properties:	none
Oxidising properties:	none
Vapour pressure:	n.a.
Relative density:	1 ca.
Hydrosolubility:	complete
Vapour density:	n.a.

10. STABILITY AND REACTIVITY

Conditions to be avoided:

Set in normal conditions.

Substances to be avoided:

None in particular.

Decomposition hazards:

None.

11. TOXICOLOGICAL INFORMATION

No toxicological data is available for this mixture as such. Therefore, the concentration of single substances has to be taken into account to assess the toxicological effects caused by exposure to the mixture.

Hereafter is the toxicological information on the main substances in the mixture:

amphoteric surfactant

LD 50= > 5000 mg./Kg. (oral rat)

chelating agent

LD 50: > 2000 mg/kg (oral rat)

12. ECOLOGICAL INFORMATION

Use this product according to good work practice; avoiding dispersal of the product in the environment.

Safety data sheet GASKET CARE

13. DISPOSAL CONSIDERATIONS

Reuse, if possible. Act according to local and national regulations in force.

14. TRANSPORT INFORMATION

ADR: Not classified

15. Regulatory information

Where applicable, refer to the following directives:

Ministerial circular letters 46 and 61 (Aromatic amines). Law 136/83 (Biodegradability of detergents).

D.P.R. 175/88 (Seveso Directive), Annexes II°, III° and IV°.

D.P.R. 250/89 (Labelling of detergents).

DM 15.09.2000 Ministerial data bank DM 07.09.2002 Safety data sheets

Regulat. 648/2004/EC:

tLabelling of detergents

Law 136 dated 26.04.1983:

Biodegradability of detergents

Law 319 dated 10.05.76:

Discharge limit in surface water 2 mg/l on surfactants
o (changed by L. del 24.12.79 n. 650)

Decree on 28th February 2006 – Twenty-ninth adjustment to technical progress of directive 2004/73/EC Ministerial Circular dated 13th March 2007 .

Reg. (EC) 1907/2006 dated 18th December 2006: REACH compliant with Annex I Regulation (UE) n.453/2010
