The Jack - Recommendations for use

This product is designed specifically to help you level coffee correctly in the portafilter.

Any other use may damage the product and will void your warranty.

When levelling, do not force the disc beyond the minimum or maximum extraction mark. Doing so may result in blocking the mechanism and may render the leveller unusable.

Handle with care. Bumps and falls may irreparably damage the mechanism or the upper cover.

Clean with a neutral detergent and a soft cloth. Do not place in a dishwasher. Do not use aggressive detergents.

Not suitable for children.

The graphic design of the product may have imperfections due to its manufacturing process. These features are common in handcrafted products and are to be considered a token of the item's uniqueness.

The graphic design of each item is unique.

Any use other than those mentioned above will void your warranty.
