

ENZYMIX L

Preventive maintenance of the pipes

**Enzymes =
Powerful**

All pipes

Concentrate

Efficacy

Application

Enzyme based drainpipe maintenance products.

- Preventive and curative action to avoid blocking in pipes ;
- Recommended for all kinds of **organic residues** ;
- Hydrolyses and liquidizes all **organic residues** ;
- Appropriated in case of slow flow : restores a cleaned pipe, for a flow without problem.

Use

Industries, institutions : all types of pipes.

Dosage / Instructions

- Slow drainage : 200 ml / outlet
Maintenance: 30 ml / outlet / week
- Dilute the product in 1 L hot water (35 - 40°C)
- Pour directly into the outlet ;
- Repeat as often as needed.
- Automatic application using the adapted peristaltic system.

Advantages

For more than 30 years, REALCO has been developing cleaning solutions respecting the environment. The enzymatic technology developed by REALCO is the best performing solution on the market to protect our environment and the user (patented technology : n°EP1025052, n°PCT/EP2006/060244).

- Multi-actions ;
- Cleaning in-depth ;
- Non aggressive for users, nor for pipes ;
- Accelerate the natural process of degradation of the organic residues.

Active Matters

Among others :

Hydrophile solvent
Enzymes
Surfactants
Perfume

ENZYMIX L

Physical-Chemical Properties

Aspect	Liquid
Colour	Brown
pH	6,0±0,5
Density	1,055±0,050

Precautions

Product developed for a strictly professional use. It is recommended to use the product for the applications defined here above.

For more information on our product, we invite you to consult the safety data sheet that can be provided to you on a simple request.

Article code Packaging Palletization

LIQ0519
4 x 5 L
24 boxes / pallet

LIQ0074
1 x 25 L
24 cans / pallet

Storage

Storage in the packing of origin closed, between +4°C and +25°C.
Deadline of optimal use : 1 year from the date of delivery.

Respect for people, a guarantee for the environment

REALCO is strongly committed to sustainable development. This is why, in order to measure their biodegradability, our products are tested according to international standards.

The product ENZYMIX L reaches > 99 %

Biodegradation ratio observed after 28 days in accordance with OECD 302 guideline.
